The Physics of Music

Don Norman

Don Norman introduced Jim Roberts, who is probably Newport's Best Known Entertainer, having spent years at Big Canyon Country Club, the Balboa Bay Club, and the Ritz Restaurant. Jim is celebrating fifty years as a professional in show business and television.

Jim Roberts

Jim started with surf music in the sixties, which later led him to open the Balboa Beach Company Surf Apparel stores as his "day gig" to support his family of five children. His pursuit of music and business has paralleled his love for the earth sciences as they apply to art and design. Jim gave us a simple understanding of how the physical attributes of sound waves and harmonics brings us so much

pleasure through listening and dancing to great music.
