What's new in Audiology?

Donna Cody

Donna Took a course called Tempo Bone Dissection and she worked at the Hosier Clinic for 16 years. She personally has experienced hearing loss. Hearing loss does not discriminate. Her youngest patient is 7 years old. Rush Limbaugh was one of her patients. He had an implant, which saved his career. Also among her famous patients was Jimmy Stewart and President Reagan. In 2003 the King of Saudi Arabia

called Donna for a consultation. The King sent a “Gulf Stream 4 private plane to pick her and her team of professionals and fly them to consult with his Royal Highness. She was called by ABC regarding the TV program Extreme Makeover. Donna fit the contestant with hearing aids. Did you know that fish and birds can regenerate brain cells – humans cannot. One out of 5 teenagers have mild hearing loss. Donna explained all the various devices available and how they work.

A book is being donated to the Newport Beach Public Library in the name of Donna Cody
