Marine families at the beach

Laura Dietz reported on the **Marine 1/1 Beach Party** on Friday, July 15th and that there were 1,000 in attendance. Laura thanked all members who brought cookies or gave her money for the event. She also visited the Newport-Irvine Rotary Club and received money for cookies for a total of \$220 from both clubs.

Laura Dietz also reported that she will also be attending the Palm Springs Rotary Club meeting and promoting the **Wounded Warriors** program.

Laura Dietz passed out flyers to encourage everyone to support our magnificent **1/1/ Marines** by getting your **car washed** on Saturday, July 30, 2011, at 3300 Pacific Coast Hwy (next door to Sterling BMW). Cost: Donation. Meet, greet and say thanks to our heroes!

Laura Dietz and Visiting Rotarian Bill Hossfeld

Chris Barness announced that on August 13th he will be riding a bike to raise a minimum of **\$250 for CHOC** and would appreciate your help in pledges.

Fundraiser/Save the Date

Willis Longyear advised that he and Donna Cody are requesting that every Club member provide them with their guest list for the fundraiser. **SAVE-THE-DATE-NOTICE WILL BE MAILED AT THE END OF THIS JULY.** All contact names should be sent in **BY JULY 22**, to provide time to assemble lists and get Notices sent.

Fines and Happy Dollars

Fine Master Jerry Barrone advised that Chris Barness was today's secret greeter and Clare Taber did shake his hand. Jerry's goal for fines and happy dollars is \$12,000 this year!!

Jerry Barrone

A few members paid \$1 for not wearing their Rotary pin – myself included. Virgil paid for a recent trip to Yellowstone and Rapid City, South Dakota. Caroline Babott paid \$25 Happy Dollars for her, new to her, Lexus LS430. Laura paid \$5 Happy Dollars because her music therapy for Wounded Warriors story got published in the No County Times.

Tesla Motors – Electric Cars

Dan Korpman

Dan Korpman introduced Benjamin Morse, client advisor with Tesla Motors. Ben advised that Tesla Motors is the first American auto manufacture to go public since Ford. He also told us

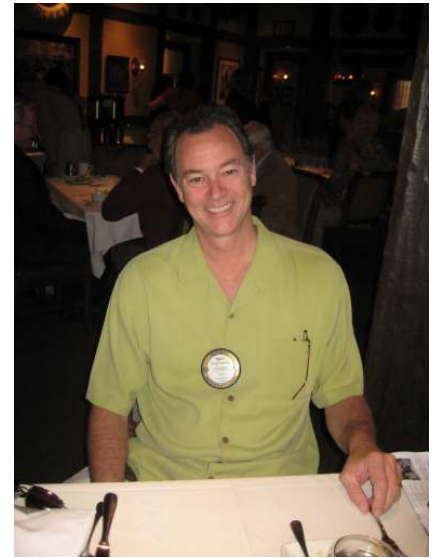

about Elon co-founded Tesla and continues to oversee the company's product strategy -- including the design, engineering and manufacturing of more and more affordable electric vehicles for mainstream consumers. As Chairman and Product Architect, he helped design the groundbreaking Tesla Roadster, for which he won an [Index](#) and a [Global Green](#) award, the latter presented by Mikhail Gorbachev. In October 2008, he took on the additional responsibility of CEO, overseeing daily operations as the company was ramping up Roadster production and accelerating the development of its second vehicle, the Model S.

Elon launched Tesla's regional sales and service centers across two continents and in May 2009 secured a \$50 million investment and strategic partnership from Germany's Daimler. He spearheaded a successful cost-down program that enabled Tesla to achieve profitability in July 2009. He guides development of the Model S, the all-electric family sedan that will be produced in at the Tesla Factory in Northern California. Ben drove the Roadster today if members wanted to see it.

Tesla's goal is to accelerate the world's transition to electric mobility with a full range of increasingly affordable electric cars. Palo Alto, California-based Tesla designs and manufactures EVs and EV powertrain components. Tesla has delivered more than 1,650 Roadsters, the world's first electric sports car, to customers world-wide. Model S, the first premium sedan to be built from the ground up as an electric vehicle, goes on the market in mid-2012. You receive 245 miles per charge. The cars are hand made – thus the high cost.
